

Building Broadband Capacity through Partnerships

What we want to accomplish

- Meet the Extension Broadband Team
- Tap into Extension resources
- Learn from communities about successful relationships and partnerships
- Help shape resources for the future

Extension Broadband Team

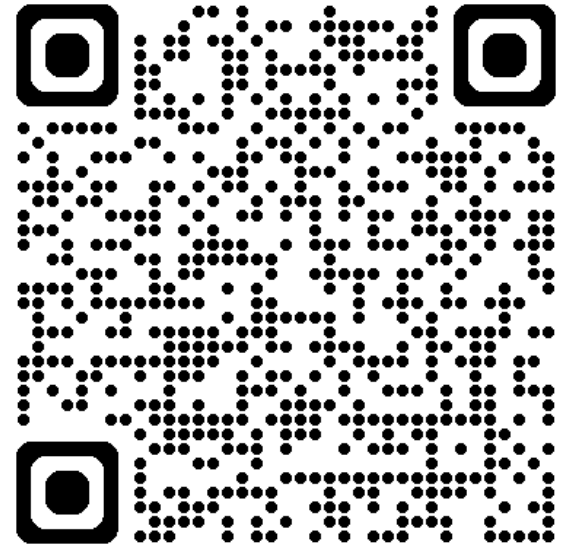

- Specialist Team
 - Outreach
 - Planning
 - Partnerships
 - Resource Procurement
 - Digital Equity Outreach
- Local Educator Support
 - Regional, local, and Tribal support
 - Most impact on the stories highlighted today

Resources Available

- Regional Broadband Workshops
- Webinars
- Community based support
- Challenge Process Office Hours
- Newsletter and monthly updates
- Toolkit and Case Studies

Community Stories

- Taylor County
- Lac du Flambeau
- Forest County

Program Enhancement

As we highlighted, having a team/collaboration moves the needle. It takes relationships. We want you to talk to your table and discuss the following questions:

- *Identify broadband resources needed: what assistance has worked and what is still needed? Where are your gaps?*
- *What relationships could be built to make things move forward in your community?*

How will this be used?

- Your input will help us shape the resources we provide next
- If you leave your contact information, we will reach out to you
- Don't hesitate to reach out
